

# ENDOWMENT BUILDING PATHWAYS

Rose Community Foundation's Endowment Building Pathways provide structured support to help nonprofits launch and grow endowments and sustain an organizational culture that builds for the future. Each of the three pathways supports organizations at different stages of their endowment building work and includes trainings, incentives, individual coaching, resources and a platform to connect with and learn from peers.

*"The Foundation helped us translate the idea of an endowment into a reality with a plan to expand the fund moving forward. I strongly recommend this program to other organizations on the cusp of launching an endowment."*

*- Kate Brennan, Chief Executive Officer, Minds Matter*
